

Patient Safety References of Interest in Primary Care

General Overview

- O'Beirne & Dickinson, Quality Matters: The State of Quality Improvement Work in Primary Care, Accreditation Canada, Fall / Winter 2016
- Gandhi, Ambulatory Patient Safety: Risks and Opportunities, presentation at IHI Community and Office Practice Conference, Mar 21, 2011 (hard copy only)
- Wynia & Classen, Improving Ambulatory Patient Safety: Learning from the Last Decade, Moving Ahead in the Next, *JAMA* Dec 14, 2011, Vol 306, No 22
- NHS
 - Improving Safety in Primary Care: www.institute.nhs.uk/safecare/GP
 - Leading Improvement in Primary Care Patient Safety, presentation, May 2010 (available)
- Gandhi & Lee, Patient Safety beyond the Hospital, Perspective, *NEJM* Sept 8, 2010
- Australian Commission on Safety and Quality in Health Care, Patient Safety in Primary Healthcare: a review of the literature, 2009, The Joanna Briggs Institute

Accountability & Medico-legal Issues

- Medico-legal Guide to Significant Event Analysis, Medical Defence Union (MDU), Ireland, 2014, <https://www.themdu.com/guidance-and-advice/guides/significant-event-analysis/significant-event-analysis>
- Wachter et al, Balancing "No Blame" with Accountability in Patient Safety, *NEJM* 2009; 361:1401-1406, Oct 1, 2009

Diagnostic Delays

- Newman-Toker et al, Diagnostic Error in Medicine, *JAMA* 2009; 301(10): 1060-1062
- Rosser, Dovey, Bordman, White, Crighton & Drummond, Medical errors in primary care: results of an international study of family practice, *Canadian Family Physician* 2005; 51: 386-7
- Bhasale, The Wrong Diagnosis: identifying causes of potentially adverse events in general practice using incident monitoring, *Family Practice* 1998; 15(4): 308-18

Medication Reconciliation

- Car & Papachristou, Identification of priorities for improvement of medication safety in primary care: a PRIORITIZE study, BioMed Central (Open Access) – Family Practice, *BMC Family*, 2016, bmcfampract.biomedcentral.com

- Kwan et al, Medication Reconciliation during Transitions of Care as a Patient Safety Strategy: A Systematic Review, *Ann Intern Med* 2013;158:397-403
- Avery, Editorial: Repeat Prescribing in General Practice, *BMJ* 2011; 343
- Swinglehurst et al, Receptionist Input to Quality & Safety in Repeat Prescribing in UK General Practice: Ethnographic Case Study, *BMJ* 2011: 343
- Varkey et al, Improving Medication Reconciliation in the Outpatient Setting. *The Joint Commission Journal on Quality and Patient Safety* 2007, 33(5): 286-292
- The Physician's Role in Med Rec: Issues, Strategies and Safety Principles, *American Medical Association*, 2007
- Gandhi, Weingart, Borus, Seger, Peterson, Burdick et al, Patient safety: adverse drug events in ambulatory care, *NEJM* 2003, Apr 17; 348(16): 1556-64.
- Bedell et al, Discrepancies in the use of medications: their extent and predictors in an outpatient practice, *Arch Intern Med* 2000; 160; 2129-2134

Transfers of Information

- Beasley et al, Information Chaos in Primary Care: Implications for Physician Performance and Patient Safety, *JABFM* Nov-Dec 2011, Vol 24, No 6
- Kripalani et al, Deficits in communication and information transfer between hospital-based and primary care physicians: implications for patient safety and continuity of care, *JAMA*, Feb 28, 2007; 297(8): 831-841

Patient Involvement

- Smith et al, Guide to improving patient safety in primary care settings by engaging patients and families, Agency for Healthcare Research and Quality, US Department of Health, March 2017

PS Education

- Kassam, Sharma, Harvie & O'Beirne, Patient safety principles in family medicine residency accreditation standards and curriculum objectives Implications for primary care, *Canadian Family Physician*, 2016

PS Leadership

- Vogel, Patient safety still lags a decade after seminal study, editorial, *CMAJ*, Nov 9, 2015
- Zimmerman et al, Frontline Ownership: Generating a Cure Mindset for Patient Safety, *HealthcarePapers*, April 2013, Vol 13, No. 1
- Hayes et al, Case Study of Physician Leaders in Quality and Patient Safety, and the Development of a Physician Leadership Network, *Healthcare Quarterly* 2010 Special

Edition, p 68 – hospital based but still helpful for identifying leadership – Chris Hayes
local physician leader in PS

PS in Family Medicine / Primary Care – Incidence & Types

- Panesar et al, How safe is primary care? A systematic review, *BMJ Qual Saf* January 2016, Vol 25, Issue 1, published online Dec 29, 2015;0:1-10
- Verstappen et al, What do primary care physicians and researchers consider the most important patient safety improvement strategies?, *BMC Health Services Resource* 2011, May 16; 11: 102
- O’Beirne et al, Safety Incidents in Family Medicine, *BMJ Qual Saf* 2011; 20: 1005-1010
- O’Beirne et al, Dimensions of Patient Safety Culture in Family Practice, *Healthcare Quarterly* 2010 Special Edition, p 121 – O’Beirne is PS leader in primary care, Calgary AB
- Elder et al, The identification of medical errors by family physicians during outpatient visits, *Annals of Family Medicine* 2004; 2(2): 125-9

Incident Management

- Sarkar, Tip of the iceberg: patient safety incidents in primary care, Editorial, *BMJ Qual Saf* January 2016, Vol 25, Issue 1, published online Dec 16, 2015;0:1-3
- Spencer et al, Tools for Primary Care Patient Safety: a narrative review, *BMC Family Practice* 2014, 15:166
- Dovey & Wallis, Editorial: Incident Reporting in Primary Care: Epidemiology or Culture Change?, *BMJ Qual Saf* Dec 2011, Vol 20 No 12
- Conway et al, Respectful Management of Serious Clinical Adverse Events (Second Edition), *IHI Innovation Series white paper*, Cambridge, Massachusetts: Institute for Healthcare Improvement; 2011
- Stevens et al, Building Safer Systems through Critical Occurrence Reviews: Nine Years of Learning, *Healthcare Quarterly* 2010 Special Edition, p 74 – hospital based but good article for applied models & what was learned
- Buetow et al, Approaches to reducing the most important patient errors in primary healthcare: patient and professional perspectives, *Health and Social Care in the Community* 2010, 18(3): 296-303
- Makeham et al, Patient safety events reported in general practice: a taxonomy, *Quality & Safety in Health Care* 2008; 17(1): 53-7
- Wetzels et al, Mix of methods is needed to identify adverse events in general practice: a prospective observational study, *BMC Family Practice* 2008; 9: 35

- Kostopoulou et al, Confidential reporting of patient safety events in primary care: results from a multilevel classification of cognitive and system factors, *Quality & Safety in Health Care* 2007; 16(2): 95-100
- Gandhi, Kachalia, Thomas, Puopolo, Yoon, Brennan & Studdert, Missed and delayed diagnoses in the ambulatory setting: A study of closed malpractice claims. *Ann Intern Med* 2006;145(7): 488-96.

Significant Event Analysis

- Patient Safety and Incident Management Toolkit, CPSI, 2015, <http://www.patientsafetyinstitute.ca/english/toolsresources/patientsafetyincidentmanagementtoolkit/Pages/default.aspx>
- Canadian Incident Analysis Framework, Canadian Patient Safety Institute (CPSI), Institute for Safe Medication Practices Canada, Saskatchewan Health, Patients for Patient Safety Canada, Edmonton, AB, 2012
- Patient Safety & Clinical Skills: Significant Event Analysis, NHS Education for Scotland, <https://learn.nes.nhs.scot/Resource/View/514> and http://www.nes.scot.nhs.uk/media/346578/sea_full_guide_2011.pdf
- De Wet, Bradley & Bowie, Significant Event Analysis: A comparative study of knowledge, process and attitudes in primary care, *Journal of Evaluation in Clinical Practice*, 2011, 17:2007-2015
- McKay, Bradley, Lough & Bowie, A review of significant events analyzed in general practice: implications for the quality and safety of patient care, *BMC Family Practice*, BioMed Central, September 2009, 10:61

Teamwork & Communication

- Leonard et al, The human factor: the critical importance of effective teamwork and communication in providing safe care, *Qual Saf Health Care* 2004; 13: i85-i90

Trigger Tools in PC

- The Primary Care Trigger Tool: Practical Guidance for GP Teams, 2010, <http://www.nes.scot.nhs.uk/media/6361/Primary%20Care%20Trigger%20Tool%20-%20Practical%20Guidance.pdf>
- De Wet et al, The preliminary development and testing of a global trigger tool to detect error and patient harm in primary care records, *Postgraduate Medical Journal* 2009; 85(1002): 176-180

April 2017

- Singh et al, Experience with a trigger tool for identifying adverse drug events among older adults in ambulatory primary care, *Quality & Safety in Health Care* 2009; 18(3): 199-204
