Position Summary

We are looking for family physicians with an interest to provide high quality patient-centered care at Ming Wui Medical Centre. At Ming Wui Medical Centre, we pride ourselves on delivering exceptional patient care with a focus on compassion, innovation, and excellence. Candidates must have an interest in working with diverse populations. The successful candidate must have an MD degree, a medical license to practice in Ontario, a certification in Family Medicine from the College of Family Physicians of Canada. An interest in low-risk obstetrics is welcomed.

Primary responsibilities:

- Evolve workflows and align scopes of practices to improve patient care
- Adopt and adapt technology to promote exceptional patient care, and outcomes
- Assessing and examining patients and taking their histories
- Order laboratory tests, X-rays, and other diagnostic procedures
- Consult and collaborate with other medical practitioners to evaluate patient’s needs
- Prescribe and administer medications, and provide treatments as needed
- Inoculate and vaccinate patients to prevent and treat diseases
- Provide health teaching to patient and patient’s family to promote healthy living

Further details about this exciting opportunity are available upon request.
